

COON RAPIDS BOULEVARD/EAST RIVER ROAD CORRIDOR STUDY

CSAH 1/CSAH 3 between 7th Avenue and TH 610

Prepared for:

In coordination with:

Prepared by:

Kimley-Horn
and Associates, Inc.

June 2010

TABLE OF CONTENTS

Executive Summary..... ES-1

1.0 Introduction..... 1-1

1.1 Study Area 1-1

1.2 Study Purpose 1-1

1.3 Study Process 1-1

1.3.1 Project Committees..... 1-1

1.3.2 Public Involvement..... 1-3

1.4 Corridor Vision..... 1-4

1.4.1 Stakeholder Feedback 1-4

1.4.2 Agency Objectives 1-5

1.4.3 Creating a Vision 1-5

1.4.4 Goals and Objectives 1-5

2.0 Existing Conditions..... 2-1

2.1 Demographics..... 2-1

2.2 Land Use 2-1

2.2.1 Land Use by Size 2-1

2.2.2 Land Use by Number of Parcels 2-2

2.3 Roadway..... 2-2

2.4 Traffic..... 2-10

2.5 Access 2-16

2.6 Safety..... 2-17

2.7 Trails and Sidewalks 2-18

2.8 Transit 2-19

2.9 Freight Movements..... 2-19

2.10 Utilities..... 2-19

2.11 Environmental and Cultural Constraints..... 2-19

2.11.1 Vegetation and Species 2-19

2.11.2 Water Resources 2-22

2.11.3 Mississippi National River and Recreation Area 2-22

2.11.4 Cultural Resources 2-22

2.11.5 Hazardous Materials..... 2-22

2.11.6 Environmental Justice 2-24

2.11.7 Noise 2-24

2.11.8 Permits and Approvals..... 2-24

2.12 Visual Quality 2-25

3.0 Traffic Forecasts 3-1

3.1 Methodology 3-1

3.2 Volumes..... 3-1

3.3 Alternative Land Use Scenarios 3-1

3.3.1 Coon Rapids Community Center 3-1

4.0 Concept Development and Analysis..... 4-1

4.1 Safety Improvements..... 4-1

4.1.1 Intersections 4-1

4.1.2 Sidewalks..... 4-1

4.1.3 Trails 4-1

4.1.4 Crosswalks..... 4-1

4.2 Expanded Capacity..... 4-1

4.2.1 Future Traffic Conditions 4-1

4.2.2 Coon Rapids Community Center 4-2

4.3 Adherence to Design Standards and Guidelines 4-7

4.3.1 Access Management 4-7

4.3.2 Four-Lane Undivided Section 4-8

4.4 Visual Quality Enhancements..... 4-9

5.0 Recommendations..... 5-1

5.1 Land Use 5-1

5.2 Roadway..... 5-1

5.3 Traffic Operations 5-1

5.3 Access Management 5-9

5.4 Trails..... 5-14

5.5 Transit 5-14

5.6 Visual Quality..... 5-14

6.0 Implementation..... 6-1

6.1 Methodology..... 6-1

6.2 Segments 6-1

6.3 Costs..... 6-1

6.4 Timing 6-2

6.5 Future Projects 6-2

LIST OF EXHIBITS

1-1	Study Area
1-2	TAC Members
1-3	PAC Members
1-4	Public Involvement Schedule
2-1	Primary Community Population
2-2	Population Growth
2-3	Acres by Land Use Type
2-4	Parcels by Land Use Type
2-5	Existing Roadway Overview
2-6	Existing Roadway Cross Section (1 of 6)
2-7	Existing Roadway Cross Section (2 of 6)
2-8	Existing Roadway Cross Section (3 of 6)
2-9	Existing Roadway Cross Section (4 of 6)
2-10	Existing Roadway Cross Section (5 of 6)
2-11	Existing Roadway Cross Section (6 of 6)
2-12	Existing AADT Traffic Volumes
2-13	Existing AM Peak Hour Arterial Level of Service
2-14	Existing PM Peak Hour Arterial Level of Service
2-15	Existing AM Peak Hour Intersection Level of Service
2-16	Existing PM Peak Hour Intersection Level of Service
2-17	Full Access Intersection Conflict Diagram
2-18	T-Intersection Conflict Diagram
2-19	Right-in/Right-out Intersection Conflict Diagram
2-20	Crashes by Hour of Day
2-21	Crashes by Age of Driver-at-Fault
2-22	Crash Rates
2-23	Trails
2-24	Transit Service
2-25	MNRRRA and Critical Area Boundaries
2-26	Potentially Contaminated Properties
2-27	Permits and Approvals
2-28	Visual Quality Overview (1 of 2)
2-29	Visual Quality Overview (2 of 2)
2-30	Existing Roadway Features (Index)
2-31	Existing Roadway Features (1 of 15)
2-32	Existing Roadway Features (2 of 15)
2-33	Existing Roadway Features (3 of 15)
2-34	Existing Roadway Features (4 of 15)
2-35	Existing Roadway Features (5 of 15)
2-36	Existing Roadway Features (6 of 15)
2-37	Existing Roadway Features (7 of 15)
2-38	Existing Roadway Features (8 of 15)
2-39	Existing Roadway Features (9 of 15)
2-40	Existing Roadway Features (10 of 15)
2-41	Existing Roadway Features (11 of 15)
2-42	Existing Roadway Features (12 of 15)
2-43	Existing Roadway Features (13 of 15)
2-44	Existing Roadway Features (14 of 15)
2-45	Existing Roadway Features (15 of 15)
3-1	Year 2030 Forecast AADT Volumes
3-2	Potential Redevelopment Areas (1 of 2)
3-3	Potential Redevelopment Areas (2 of 2)
4-1	Year 2030 AM Peak Hour Arterial Level of Service
4-2	Year 2030 PM Peak Hour Arterial Level of Service
4-3	Year 2030 AM Peak Hour Intersection Level of Service
4-4	Year 2030 PM Peak Hour Intersection Level of Service
5-1	Proposed Roadway Recommendations Overview
5-2	Proposed Roadway Cross Sections (1 of 6)
5-3	Proposed Roadway Cross Sections (2 of 6)
5-4	Proposed Roadway Cross Sections (3 of 6)
5-5	Proposed Roadway Cross Sections (4 of 6)
5-6	Proposed Roadway Cross Sections (5 of 6)
5-7	Proposed Roadway Cross Sections (6 of 6)
5-8	Year 2030 AM Peak Hour Arterial Level of Service with Improvements
5-9	Year 2030 PM Peak Hour Arterial Level of Service with Improvements
5-10	Year 2030 AM Peak Hour Intersection Level of Service with Improvements
5-11	Year 2030 PM Peak Hour Intersection Level of Service with Improvements
5-12	City of Anoka Visual Quality Concepts
5-13	City of Coon Rapids Ports Visual Quality Concepts (1 of 4)
5-14	City of Coon Rapids Ports Visual Quality Concepts (2 of 4)
5-15	City of Coon Rapids Ports Visual Quality Concepts (3 of 4)
5-16	City of Coon Rapids Ports Visual Quality Concepts (4 of 4)

- 5-17 City of Coon Rapids Between-Port Visual Quality Concepts
- 5-18 Visual Quality Application Diagram
- 5-19 Proposed Roadway Recommendations Detail (Index)
- 5-20 Proposed Roadway Recommendations Detail (1 of 15)
- 5-21 Proposed Roadway Recommendations Detail (2 of 15)
- 5-22 Proposed Roadway Recommendations Detail (3 of 15)
- 5-23 Proposed Roadway Recommendations Detail (4 of 15)
- 5-24 Proposed Roadway Recommendations Detail (5 of 15)
- 5-25 Proposed Roadway Recommendations Detail (6 of 15)
- 5-26 Proposed Roadway Recommendations Detail (7 of 15)
- 5-27 Proposed Roadway Recommendations Detail (8 of 15)
- 5-28 Proposed Roadway Recommendations Detail (9 of 15)
- 5-29 Proposed Roadway Recommendations Detail (10 of 15)
- 5-30 Proposed Roadway Recommendations Detail (11 of 15)
- 5-31 Proposed Roadway Recommendations Detail (12 of 15)
- 5-32 Proposed Roadway Recommendations Detail (13 of 15)
- 5-33 Proposed Roadway Recommendations Detail (14 of 15)
- 5-34 Proposed Roadway Recommendations Detail (15 of 15)
- 6-1 Implementation Segments
- 6-2 Implementation Cost by Segment
- 6-3 Implementation Cost by Improvement Type
- 6-4 Potential Implementation Sequence
